## TO SUE HIS EXECUTORS.

**Motion To Make Stetson's Executors Defendants.—Is Brought To Secure \$1,000,000 for Alleged Slander.**

May the executors of the last will and testament of one who, in his lifetime, is alleged to have slandered another, be sued for this alleged slander, and can a verdict be secured against them for damages?

This somewhat novel question was raised yesterday in the United States Circuit Court in the four suits against the late John B. Stetson, and his wife, Elizabeth Stetson, in which Lena B. Mathes and her husband, and John F. Forbes, appear as complainants. The motion to make the executors of Mr. Stetson's will defendants in the cause was filed yesterday with Clerk E. O. Locke by Major Alexander St. Clair Abrams, counsel for the plaintiffs.

As for the cases themselves, little need be said, save to recall the fact that the two complainants, Lena B. Mathes and John F. Forbes, some time ago instituted four suits for slander in the United States Courts. Forbes appears as complainant in two of them, and in the

## STANLEY GIVES A NEW THOUGHT.

**Reason Why Ormond-Daytona Beach Is Such a Great Speedway.—Says No Course Can Compete.**

Often times the question is asked as to why automobiles make such excellent time on the Ormond-Daytona beach. There have been several reasons given for this, but the latest one has been received from "Senator" W. J. Morgan in a letter to the editor of this paper.

"Mr. Stanley told me last week, in Boston, that he is sure that no place on earth will provide a speedway as fast as the Ormond-Daytona beach, and he gives a new thought as to why it is so fast. He says the moisture in the sand holds the sand (in fact) and the moisture has an undoubted tendency to pull down the sand through its suction force in finding its way to other levels. This is a new idea and you can bet that Mr. Stanley has figured it out all right, as he is the greatest man on figures in this country today when it comes to figuring on automobilizing. Mr. Stanley told me that he would do the two miles inside of a minute and said he would do the one mile between 28 and 30 seconds. And

### DAYTONA BEACH VOTERS MEET.

**Enthusiastic Meeting Held at Town Hall on Thursday Evening.—Election Day Saturday March 31.**

A meeting of the citizens of Daytona Beach, which was properly called by the mayor and duly posted, was held in the Town Hall, Thursday evening. The representative citizens of the town were out in force and much interest was manifested in the coming election.

The meeting was called to order by H. W. Craig. Dr. J. P. Esch was elected chairman. The following ticket was nominated:

Mayor—G. P. Johnson.  
Aldermen, two years—R. Shoemaker, S. N. Bailey, H. H. Thorpe.  
Aldermen, one year—Geo. Sweeney, Marshal and Collector—John C. Butler.  
Clerk—H. W. Craig.  
Treasurer—Geo. Gardiner.  
The election will be held Saturday, March 31st.

### High School Notes.

Our mother always says "Better late than never," hence this article. The High School Drama netted nearly \$60. We certainly appreciate the kindness of our friends, who made it possible to add this much to our library fund.

The loud voices of our school youths are now shouting for "Field Day." Commencement this year is the 25th of May, and there await least eight boys and girls in school who know this fact well.

### CLARENDON NOW TAXED.

**Thursday's Arrivals From the South Filled the Big Hotel.—They Scramble To Get Rooms.**

At The Clarendon, Thursday afternoon there was a scramble to get rooms, and the number of incoming arrivals from the south taxed the capacity of the big hotel. They proprietor of the hotel, and the clerks behind the desk, all had a pleasing countenance, while those who were anxious to secure good rooms, looked confused, and some were exclaiming that they would take the next train and leave town.

However those at the helm of the house always equal to emergencies, fixed up the new arrivals satisfactorily, or until others depart when better rooms on the ocean front could be given them.

Thursday from the Clarendon there were only four departures and about sixty arrivals.

### THE SONG OF THE SHIRT

By Thomas Hood

THOMAS HOOD, born in London 1798, was a humorist and poet. He was for some time an editor of the London Magazine, but in 1820 he started the Comic Annual and later Hood's Magazine. A few of his writings are "Whims and Oddities," 1826, and the "Dream of Eugene Aram," 1829. The "Song of the Shirt," part of which is given below, is one of the best known of his poems. Hood died in 1845 in London.

WITH fingers weary and worn,  
With eyelids heavy and red,  
A woman sat, in unwhom-  
only rags,  
Plying her needle and thread,  
Sew, sew, stitch, stitch!  
In poverty, hunger and dirt,  
And still with a voice of dolorous pitch  
She sang the "Song of the Shirt."

"O men with sisters dear!  
O men with mothers and wives!  
It is not linen you're wearing out,  
But human creatures' lives!  
Sew, sew, stitch, stitch!  
In poverty, hunger and dirt;  
Sewing at once, with a double thread,  
A shroud as well as a shirt."

"Work, work, work!  
My labor never flags;  
And what are its wages? A bed of  
straw,  
A crust of bread and rags,

### Entry Blanks.

"Senator" W. J. Morgan, of the Atlantic-Pacific Beach, has sent a number of entry blanks to this paper, for bicyclists, motorcyclists and automobilists who wish to take part in the coming events at Atlantic Beach. "Senator" Morgan says the meet will not be a large one, but he predicts that it will be a success.

Mrs. William H. Wannamaker, of Philadelphia, one of the most prominent society ladies of the Quaker City, and the wife of a leading merchant of that city, is enjoying a stay at The Clarendon, having arrived at that hotel yesterday.

County Solicitor, J. Hall Brunsey is here from DeLand on business.

### Among the arrivals yesterday afternoon at The Clarendon from the south are Mrs. A. G. Pierce, Burlington, Vt.; Miss Benjamin New York; Mrs. H. A. Batchelor, Saginaw, Mich.; Miss Hayard, Gaylord, Mich.; George Jenks and wife, J. Jenks and wife, Detroit; Mr. and Mrs. Henry Blaine, Princeton, N.J.; E. E. Smeeth and wife, Chicago.

Mrs. Frederick Reinhold, Mrs. S. A. Dickey and Miss Dickey, form a pleasant trio of Dayton, O., people who arrived at The Clarendon Thursday afternoon from a delightful sojourn down the coast. They expect to remain here a week or two.

Mr. and Mrs. W. D. Strawn, and Mrs. A. R. Trumbo, of Ottawa, Ill., are among the late arrivals at The Clarendon. They expect to remain there several days.

### CHARGE OF THE LIGHT BRIGADE

By Alfred Tennyson

THE charge which Tennyson has made the subject of his well known poem printed below was at the pass of Balaklava, in the vicinity of Sevastopol. It took place Oct. 25, 1854. Through a misconception of orders Lord Lucan, commander of the English cavalry, ordered Lord Cardigan, with the Light brigade, to charge the Russian artillery. Of 673 horsemen engaged 198 returned with Cardigan, 113 were killed, 134 wounded and 228 made prisoners by the Russians.

Half a league, half a league,  
Half a league onward,  
All in the valley of death  
Rode the six hundred.  
"Forward, the Light brigade!"  
Charge for the guns!" he said.  
Into the valley of death  
Rode the six hundred.

"Forward, the Light brigade!"  
Was there a man dismayed?  
Not though the soldier knew  
Some one had blundered.  
Their's not to make reply,  
Their's not to reason why,  
Their's but to do and die!  
Into the valley of death  
Rode the six hundred.

Cannon to right of them,  
Cannon to left of them,  
Cannon in front of them,  
Volleyed and thundered,  
Stormed at with shot and shell,  
Boldly they rode and well,  
Into the jaws of death,  
Into the mouth of hell,  
Rode the six hundred.

HOLDS MEETING.

Knights Templar Have Session Thursday Afternoon and Night.—Annual Election of Officers.

Oriental Commandary, No. 9, Knights Templar were in session Thursday afternoon at the Masonic Hall. In attendance were quite a number of the members and a very interesting session was held.

Grand Officer S. B. Wright, of DeLand, was in attendance and made an inspection.

At six o'clock, a sumptuous banquet was served at the Myrtle Hotel and the members greatly enjoyed the repast.

In the evening degree work held the attention of the Templars. Edgar Raulerson, of Fort Pierce, had the degrees conferred on him.

The following officers were elected: M. S. Sams, of Courtney, Eminent Commander.

F. A. Morgan, of Titusville, Generalissimo.

Charles Balfour, Captain General.

The other officers are appointive and have not yet been named.

## Bert Fish Invests.

One of the largest real estate transfers of the season was consummated last week between R. C. Bushnell and Bert Fish. Mr. Fish purchased from Mr. Bushnell what is known as the Bushnell block and the building just north of this block in which is located the McBride market. This is one of the best pieces of property in DeLand. The Bushnell block has as tenants the post office, W. A. Allen & Co., the K. of P. lodge room and the telephone exchange. The consideration is said to have been something over \$12,000. Those who claim to know what they are talking about say that Mr. Fish has secured a bargain and a good paying property. —DeLand Supplement

Art by the Town.

An American City once asked MacMonnies, the sculptor, to enter a design for a statue and many groups for a soldiers' and sailors' monument. He declined to compete. Then the commission was tendered to him outright. He submitted sketches of his idea for the groups. The committee in charge of the monument wrote him, asking: "How many tons of granite do you intend to use in the base?" His reply was: "If you are in the business of buying granite you may use as much as you want, one-ton or 100,000 tons. I am an artist, and I never yet heard of art being bought by the pound." The question was dropped until the contract for the commission was drawn. When Mr. MacMonnies received it he discovered in it a clause providing that in case the bronzes were ever thrown down from their base, by any cause whatever, and any person or property should be injured, he and his heirs forever should be liable for the damage sustained. He returned the contract without comment, unsigned. When the committee wrote him, asking the reason, his brief reply was, "Your lawyers are too sharp."—World's Work.

Miss McNeely, of Cleveland, is a recent addition to the ranks of the First M. E. Church, in this city.

Col. W. W. Shaffner has sold to B. A. Armstrong 900 feet of the Munroe property on Ridgewood avenue.

Route Agent T. T. Welch, of the Southern Express Company, with headquarters in St. Augustine, is in the city on business.

Silas B. Wright, of Deland, arrived in the city Thursday afternoon from St. Augustine, where he has been on a visit to his son.

Miss Evelyn Clark is here from West Palm Beach on a visit to her parents, Mr. and Mrs. Geo. H. Clark. She will remain over Sunday.

J. A. Hendricks has returned from Jacksonville, where he has been for the past several weeks for the benefit of his health. He has greatly improved, having gained fifteen pounds.

Mrs. J. E. Micker and little son, Edward Lee, are expected over today, from Daytona, to visit Mrs. Micker's uncle and aunt, Judge and Mrs. J. Lee McCrory.—Deland Supplement

Both The Gables, and the Stanley House, on Beach Street, which is run in connection as a rooming house, were turning away people last night. Proprietor Moseley says this is the best March he has ever experienced in the hotel business.

Recent arrivals at the Daytona House are Mr. and Mrs. R. M. Cook and son Mrs. R. M. Croft, J. D. McNary, Miss Josephine McNary, Washington, Pa.; Mr. and Mrs. P. Harvey, New Castle, Md.; W. W. Kelsey, Cortland, N. Y.; W. P. Hatchett, West Palm Beach; Mrs. Chas Dean, Bluffton, Md.

**Met With Accident.**

Mrs. F. E. Bond met with a painful accident yesterday morning, while driving her electric auto, says the Deland Supplement, of Wednesday. In turning the corner of Pine Street, and Indiana Avenue, the machine failed to answer the lever quickly, and crashed into a nearby shade tree. Mrs. C. P. Swift was riding with Mrs. Bond at the time, and both the ladies were thrown heavily to the ground, and sustained severe bruises. At first it was feared that the bones of one of Mrs. Bond's arms were broken, but this proved not to be the case, and at last reports she was resting comfortably. Mrs. Swift was quite severely bruised and jarred, but escaped without any injuries than her companion.

It only takes \$14,500 to buy a corner on Ridgewood Avenue, 105 feet front and 300 feet deep, with three large well finished and completely furnished houses, all wired for electric lights and having fine bath arrangement, with hot and cold water. One of the houses has furnace heat.

This proposition will pay over 10 per cent. net on the investment—remember we said OVER 10 per cent. and we stand ready to demonstrate this fact.

We have another investment that takes in the entire side of one street for the length of one block, has 6 modern cottages completely furnished and the price is low considering everything about \$22,000, and it will net you over 10 per cent. on the investment. Mean OVER 10 per cent. when we say it.

**BAZAAR WAS A SUCCESS.**

Given Thursday Evening in Epworth Hall By the Ladies' Aid Society of the First M. E. Church.

The Ladies Aid Society of the First M. E. Church gave a bazaar in the Epworth Hall Thursday afternoon and evening, which was a success. About \$75 was realized, which will be applied to the building fund of Epworth Hall.

The several tables were attractively arranged, which were presided over by ladies who catered to the wants of those present.

The fancy table was in charge of Mrs. George Doney; the apron table, Mrs. Hallock; candy table, Mrs. J. A. Shanks; Japanese table, Mrs. Ella Glenn.

A feature of the bazaar was an express office which was presided over by Mrs. Pitcher.

During the evening, Mrs. C. M. Rogers and Miss Ella Williams rendered several selections on the piano, which were greatly enjoyed.

The bazaar was given under the direction of Mrs. T. J. McMurray, president of the Ladies' Aid Society, and she is receiving congratulations upon the success of the occasion.

The Deland correspondent of the Times-Union, in speaking of the Glee Club concert there, Saturday evening, says: "An extensive program was rendered and enjoyed by all. The feature of the same was the two solos rendered by Miss Pearl Spaulding, of Daytona, who came here to assist the Glee Club. Miss Spaulding is a graduate of the music department of the university here and a credit to the work of the instructors in that department."

## DAYTONA AND ITS ATTRACTIONS.

DAYTONA is situated upon the west bank of the Halifax River at its farthest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29, seventy-four miles from St. Augustine and one mile from the Atlantic Ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is upon what is known as high bay neck land that was crowned by nature with a most royal growth of majestic forest trees, and among these trees is the town of today, with its beautiful cottages and well-graded walks and streets. The result is that all along the wide avenues that intersect the town are lovely live and water oaks and hickories, many of them draped with graceful festoons of the gray Spanish moss, that overarch the street and walks, and among these are interspersed tall tropical palmettos, glossy-leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelepis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions. The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health-giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well-graded, macled and shelled roads and streets, rendering it the

**Wheelman's Paradise**  
and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivaled course for long-distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

**The Beautiful Cottages**  
that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions. Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, Lily Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

**Water Supply**  
which is derived from numerous flowing wells, of which there are probably 800 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock and this depth assures purity from all surface contamination. The water is slightly impregnated with minerals and iron, and holds sulphur in the shape of gas, which soon passes away.

**The Population of Daytona**  
proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at

Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach which are properly a part of the town and population.

**Daytona Beach**  
lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect as Daytona Beach.

**Automobile Race Meet.**  
The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as lacadam, and an ideal stretch of the wheel and more miles without a break makes it the natural racing ground for America.

At low tide the beach is bare for 300 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-triggered bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm fringed boulevards bring the lovers of the wheel and automobiles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebttide, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the grey-haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

**The Peninsula**  
lying between river and ocean is one-half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

**A Remarkable Feature**  
at Daytona has been the yearly improvement in the style and value of the buildings that are being erected for homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying.

Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona. At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon. Individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the ocean are present in the river. Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.
